## Citi at Penn:

### Modeling Essentials for Investment Banking

DCF, accretion/dilution, LBO models

You've learned about it in class, training programs or interview guides -- come learn the essential modeling skills, tools, and best practices from investment bankers. We will cover basic models in excel, typical model output, and tips and tricks for investment banking analysts.

No calculators or laptops needed. Networking opportunity to follow.

**Who:** Open to all Penn Juniors and Sophomores

**When:** Monday, September 18th at 7PM

**Where:** Steinberg Dietrich Hall 109
